Carried.

To His Worship Mayor Chown,
and Aldermen of the City Council.
Dear Sirs:-

The Court of Revision for
the year 1904, feel that they cannot
let the occasion pass without
communicating to your Honorable
Body the great satisfaction the
Assessment, made by Assessor
Wm. F. Reeves has given.

He has not only increased

Dec 27, 1894

(Continued from p. 173)

the Assessment materially, but has equalized it so well that there were comparatively few Appeals to the Court of Revision, and no Appeals from the Court of Revision to the Judge.

The manner in which he supported the City's interest in the Appeals before the Court showed that he possessed a good knowledge of the City values.

Yours &c.
(Sgd) George L. Hape

a Deputation from the Board of Trade addressed this Council some weeks ago regarding the advisability of changing the site for the proposed Drill Shed, and

Whereas a large number of citizens favor the building of the said Drill Shed on the corner of Bridge and Pinnacle Streets, rather than on the Lot known as the Hospital Lot, and

Whereas the Bishop of the Roman Catholic Diocese, of which this City forms a part, is desirous of again securing possession of the Lot known as the Hospital Lot and is willing to reimburse this City for any and all amounts expended to procure the Hospital Lot and adjacent property for use as a Drill Shed Site, -

Therefore, this Council approves of the changing of the site from that selected last year and known as the Hospital Lot to some other site selected by the Department, and would recommend those lots on and near the junction of Bridge & Pinnacle Streets in this City, and now occupied by J. C. Lake and Richard Annett extending from Pinnacle St. to the Opera House on Bridge Street, and from Bridge Street southwards to and including the Skating Park Building on Pinnacle Street.

Re. Sewer System.

Moved by Ald. Sinclair,

Seconded by Ald. Dwyer,

Whereas the Corporation of the City of Belleville is the owner of the City's Water Works System, which, while it is efficient in the matter of the distribution of water, is not accompanied by such a Sewerage System as is required to carry off the water after pollution.

Whereas it is necessary to establish a thorough system of Sewerage for the following reasons:-

- 1st. Because it is essential for the health, comfort and convenience of the citizens.
- 2nd. Because the delay in establishing it is preventing people of means, who will live only in houses possessing modern conveniences and effective sanitary arrangements, from taking up residence here.
- 3rd. Because without it the Water Works

Continued from p. 290.

May 15th, 1905

System cannot be extended so as to be available for every citizen, and, in consequence, the cost of water to consumers cannot be lessened.

It is therefore resolved, in view of the above reasons, and many others that might be stated, that this Council shall proceed, after consulting some competent authority, to formulate a plan with the approximate cost to carry out (within a reasonable time) such a system of sewerage as is necessary; that such plan and approximate cost shall be placed before a public meeting of the Citizens called by His Worship the Mayor for that purpose, and that at the next Municipal Election the Ratepayers be given an opportunity to express their opinions on the question.

Carried.
